P R E S I D E N T ' S M E S S A G E

A special thanks goes to my Co-President, Bill Williams, for all his hard work during his three years as President of the Association. Bill is not retiring, but plans to spend more time working on the displays in the Museum.

Membership cards are included for those who have already paid their 2010 dues. If you don't find one, it is not too late... your membership is always welcomed.

Ellie Andrews, SGHA Co-President

The Historical Association is the fortunate recipient of a retrospective look back in time from one of San Gabriel's pioneering families, the Mulocks. This retrospect is courtesy of Sarah Duncan. Below is an excerpt:

Water

The water for the San Gabriel Mission was first taken from the arroyo on the west of San Gabriel. It was taken out just below the junction of the two arroyos - the one on the west carried the over-flow water from a natural lake, now a part of Lacy Park, San Marino; the other, just east of Alhambra Road, originated between the Wilson, now Patton property, and the Shorb, now Huntington Library property. It followed a southeasterly course about where Bridge Street is now. After we acquired the land north of Main Street, I filled in the deep cut where the water was taken out of the arroyo. Some time later a ditch was made to take the water from the stream between Wilson and Shorb lands, following the contour of the land, first easterly, then southerly to the Mission. This division must have taken place several years before 1865, because there large sycamore and willow trees following the course of the ditch when my father bought our place in 1865.

Help Us Save Money & Trees - Get the Newsletter by Email

With renewals, we are asking if members would like to receive the newsletter (as a PDF) via email, helping the historical association save paper and postage costs.

Thanks to the many members who are helping the association save money by receiving the newsletter via email. The January 2010 newsletter will be last sent to all members through the Post Office. As a test, those who signed up to receive the newsletter electronically (e-newsletter) will also receive it (as a PDF) by email. Several days later a follow-up email will be sent out verifying whether or not you received the e-newsletter.

If no major problems arise with January's test, we will start emailing the newsletter to members who signed up for delivery by email in March 2010.

Don't worry, we still plan to mail the newsletter to all who want a printed copy.

The SGHA wishes you a Happy & Prosperous New Year!
